PROVIDENCE, R. He was a will of the wisp—as fast as greased lightning, as elusive as a shadow and as indomitable as a titan. There was no stopping him single handed, and it usually took three tacklers to bring him to earth. Even then he squirmed along for a yard or two more. His excellence was not at all confined to the mere mechanical, for he ran his team like the best of veterans.

Colgate Eleven at Height of Form: Brown Team Suffers Anti-Climax

Colgate men had feared that after the defeat of Syracuse in the game that Pollard carned two yards, and when usually ends the Colgate season Bankhart's team would let up and prove a victim of Brown's provess. But the shoe was on the other foot. Brown seemed to be stale and suffered an anti-collmar, while Colgate reached the height. climax, while Colgate reached the height of its form. Brown followers could hardly believe it was their old team out there taking the beating of its life.

Colgate had everything a first class eleven should possess. The interference was superb, the tackling hard and sure. In punting Hubbell did wonders with the touchdown was registered. West kicked was superb, the tackling hard and sure. In punting Hubbell did wonders with the heavy ball, sometimes getting off kicks for fifty yards. Hillhouse of Brown was short and was slow in getting his kicks away. This fact, combined with the inability of the Brown line to hold the Maroon, gave Hillhouse a very busy day, and he was knocked out several times.

Not in many years has a game been played under such wretched weather conditions. It had rained during the night, but this morning it cleared Just before game time-the contest was started at half past 11—the rain again came down. During the first half it was only a gprinkle, but in the second half it developed into a deluge that sent a good many of the onlookers to their homes and comfort. The stands were uncovered. While there had been applications for 18,000 seats the stands could not accommodate more than 8,000.

West kicked off for Colgate to Pollard. Brown tried several smashes, but soon found that it was facing a stonewall, and Hillhouse punted. Anderson ran the ball on Brown's 28 yard and Hubbous punted. Pop Warner had his Wagenknight team at its zenith and the Blue and Kingsolving Thurman team at its zenith and the Blue and Gold played brilliang football. Its de-fence was impregnable and the visiting players were bewildered by the diversied attack directed against them. Pift's forwards crashed through the

opposing line, opening wide gaps for the backfield men, while on flanking end plays the runner was always cloaked by splendid interference. The aerial game was used with success, but it was the smashing line plunges that netted the most substantial gains.
